FREEZE TO DEATH.

England in the Grip of the Worst Snowstorm in Thirty Years.

London, Dec. 29.—Nine persons have been found frozen to death on roads in England alone during the blizzard of the last twenty-four hours.

The first doubtless will be much lengthened when communication with isolated parts of the provinces, now snowbound, is restored.

The continuing snowfall has created an unprecedented situation, the worst known in thirty years in Great Britain, and the conditions existing here apparently are general throughout Europe.

From all parts of Great Britain come stories of trains buried in snowdrifts, the worst case being that of a passenger train bound from Dundee to Edinburgh, which ran into a snowdrift at 6 o'clock Thursday night, three miles from St. Andrews, and is still embedded. A rescue train sent to the assistance of the passenger train also stuck in a drift, and all the efforts made during the night to reach them were futile. Yesterday morning, however, small quantities of provisions were conveyed to the hungry passengers and crews.

The equipment of the British railroads is quite inadequate to deal with conditions heretofore almost unknown in this country.

Forty or fifty women had narrow escapes from death yesterday, owing to the collapse of the snow laden roof of a Covent Garden warehouse, but most of them were rescued from the wreckage with only slight bruises.

MOB FINALLY HAS REVENGE.

Takes Murderer from Jail in Colorado on Second Try and Lynches Him.

Las Animas, Col., Dec. 29.—Lawrence Leberg, a trader, was lynched Thursday night by masked men for the murder of Henry Lavenmeyer, a farmer. About 40 men entered the jail and easily overpowered the sheriff, the undersheriff and two other officers and locked them in a room of the building.

On the previous night the mob worked its way into the jail as far as the steel doors by breaking down wooden doors, but were met with a stern refusal by the jail keepers to turn over the prisoner, and finally gave up.

Thursday night the men went to the cell occupied by Leberg, struck the shackles from his limbs and took him from the jail. A larger body of men and boys were waiting outside the walls, and when the prisoner and his captors appeared they formed a procession and proceeded a short distance from the jail and hanged Leberg to a telegraph pole. The confessed murderer made no resistance.

Before the mob reached the jail, Leberg heard them coming. He rose from his cot, dressed himself coolly and waited. The leader of the mob made no effort to disguise himself, and it is declared that the ringleaders are known to the officers.

Washington, Dec. 29.—The civil service commission has been in communication with Gilbert G. George, a negro, who is the only person eligible for a clerkship in the postoffice at Hattiesburg, Miss., and who has been advised by certain white persons in that place to remain away from the postoffice, if he desired to secure being mobbed.

George recently advised the commission that the postmaster at Hattiesburg had tendered him a position and he had accepted, but had failed to put in an appearance for duty on account of the mob which was threatening him.

REPORT ON INDIAN LANDS

Pinchot Defends the Forestry Reserve

SUSPENSION ALLOTMENT

Was Right of Hitchcock—Prosecution Soon of the Town Lot Gratters—Leupp Wants Indian Schools Opened to Whites.

Washington, Dec. 29.—Gifford Pinchot, chief of the Forest service, has approved the rough draft of a report to be submitted to the Secretary of Agriculture, relating to the four million acres of land in the Indian Territory whose withdrawal for forest reserve purposes brought about both an investigation and criticism of the secretaries of the Interior and Agriculture, by a Senate committee. The report will be a defense of the withdrawal of the lands in question located in the Choctaw and Cherokee nations in the Indian Territory.

As a result of careful inspection at the hands of one of the most reliable men of the Forestry Bureau, a recommendation will be made to the Secretary of Agriculture who will undoubtedly transmit the same to the Secretary of the Interior that the area originally withdrawn, some four million acres, can be properly reduced to half the size by leaving out the part in the Cherokee Nation and all the lands within twenty miles of the Missouri, Kansas & Texas railway in the Choctaw Nation. This report, which it is expected the Secretary of the Interior will make public as soon as it reaches him, will show that considerably more than half of the reserved area withdrawn for forest reserve purposes is valuable for agriculture and can be allotted in the near future after examination to determine its arable character.

Land Gratters to Be Prosecuted.

The statement is made on the authority of an officer of the Interior Department that steps will be soon taken with a view to returning to the Creek Nation in Indian Territory valuable town lots secured by certain persons through a system of alleged fraudulent scheming. The matter has been placed in the hands of the law officer of the department by Secretary Hitchcock. Instructions have been given that proceedings shall be instituted whereby the lands in question, said to be valued at approximately \$6,000,000, shall be returned to the tribe, and if possible the persons known to have violated the law shall be prosecuted. The fear is expressed at the department that all of the cases of fraud disclosed by Marshall L. Mott, attorney for the Creeks, and William Dudley Foulke, the special investigator sent to the Indian Territory by President Roosevelt, were committed years ago, and consequently the statute of limitation apply. However, further inquiry may develop evidence justifying criminal proceedings in the courts. Indian Commissioner Francis Y. Leupp would not talk about the report made by Mr. Foulke, but he intimated that future developments would indicate just what the report contained. When asked if there would be any disavowals down in the Territory or transfer of officers there to other posts, he said that men hunting for foxes did not send out brass bands in advance.

Wants Indian Schools Opened to Whites

Commissioner Leupp, of the Indian Office will ask Congress to legalize the practice of the Department in permitting white children to enter Indian schools on the same basis that Indian children are permitted to enter white schools. It is a policy of the Indian Office to break up the Indian reservation wherever possible, allot the lands owned by the Indians put the wards of the Government on a self-supporting footing.

SMALL JAIL POPULATION.

Only Three in Chittenden County Institution at Present.

Burlington, Dec. 29.—Sheriff J. H. Allen finds at the present time the Chittenden county jail accommodations are ample for the prisoners as there are only three in confinement today. They are Alphonse Von Beever of St. Albans, the government prisoner, who expects soon to furnish bail; Lewis Saunders, who is waiting trial at the March term of county court on a charge of criminal assault; John Sullivan who is awaiting trial in a liquor case. The entire three would be released if they could furnish bail and the jail would be empty. Edward Roach completed serving his ten days today for intoxication and was discharged. A tramp who was given lodging for the night was also permitted to resume his journey this morning. There have been times when over 40 prisoners have been confined in the county jail.

NEW MOVE IN SCHMITZ TRIAL.

Mayor Wants His Case Taken to Another Court.

San Francisco, Dec. 29.—A new move was made Thursday by attorneys for Mayor Schmitz, on trial with Abraham Ruef for alleged extortion. Notice was filed with the district attorney that they had asked the presiding judge in the superior court to transfer the mayor's case from Judge Dunne's department to some other department. The motion will be argued before Judge Graham at once.

The arguments that Schmitz advances in an affidavit attached to this motion are that he wants a "speedy trial" separate and apart from Ruef. The mayor at first chose to be tried with Ruef, who now is seeking to have the indictments dismissed on technicalities. The mayor's affidavit states "that by reason of the earthquake and fire of April 18, and the result thereof, and of the recent heavy rains, the said city and county is in a most deplorable condition and affiant should therefore be permitted to have an immediate trial, so that the mayor may devote himself to alleviating said conditions and performing the other duties of his office."

The Japanese school controversy and other matters are referred to as requiring the mayor's attention.

PRESIDENT CASSETT DEAD

For Seven Years Head of the Pennsylvania R. R.

END CAME SUDDENLY

East River Tunnels Were Planned During His Administration—Great Strides by Road Under His Guidance.

Philadelphia, Dec. 29.—Andrew J. Cassatt, president of the Pennsylvania railroad, died suddenly here yesterday afternoon.

Mr. Cassatt has been in poor health for some time. He was forced to give up his business activities many weeks ago by a severe attack of whooping cough from which he never fully recovered.

Mr. Cassatt's physical condition was carefully kept from the public and only his intimate friends knew that he was a very sick man.

Mr. Cassatt died at his home, No. 203 Rittenhouse square, at 1 o'clock. Members of his family were gathered about the bedside when he passed away. The attending physician attributed his death to a sudden attack of heart failure.

Alexander Johnston Cassatt was born at Pittsburgh, Dec. 8, 1839. He was educated at the University of Heidelberg and Rensselaer Polytechnic Institute. He engaged early in railroad work and spent the years 1860-61 leading a road in Georgia. In 1861 he took employment with the Pennsylvania as a rod man.

In 1864 he was made resident engineer of the Philadelphia & Erie railroad, and three years later was made superintendent of motive power and machinery of the Pennsylvania. In 1870 he became general superintendent of the Pennsylvania.

A year later he was made general manager of the Pennsylvania lines west of Pittsburgh, serving in that capacity until 1874. In that year he became third vice-president of the road, succeeded as first vice-president and resigned in September, 1882.

A year later he was elected a director of the road. In June 1899, he was elected president of the road serving until his death.

37 DAYS FOR HIM.

Rutland Man Stole a Chicken For His Dinner.

Rutland, Dec. 29.—E. R. Stockwell, better known as "Dick," was sent to jail for 37 days by Judge W. M. Ross in city court yesterday because he could not pay a petty larceny fine of \$2 and costs. The evidence showed that while walking down Center street Thursday evening, Stockwell stole several dressed chickens hanging in front of Gosselin's market and they looked to appetizing that one suddenly disappeared under his coat. A by-stander who witnessed the exhibition of sleight of hand was determined that the thief should be punished, and a warrant was soon sworn out. Stockwell was soon behind the bars. He pleaded not guilty, but the court thought otherwise.

RAILROAD MEN IMPATIENT.

Western Lines Fail to Act on Demand for Higher Wages.

Chicago, Dec. 29.—Serious trouble between the twelve western railroads and their employees who have demanded a 15 per cent increase in wages, is a distinct possibility.

The managers of the roads affected met Thursday and decided to take no action until the trainmen should make fresh overtures. Meanwhile representatives of the Brotherhood of Locomotive Firemen and the Brotherhood of Locomotive Engineers from each of the roads met to await a reply to their demands, but none was received, and when the evening meeting broke up there were hints that some strike will be going on, "quick if we are not recognized."

The trouble seems to be that many of the roads can ill afford to grant any increases.

AN AMERICAN "DEAD SEA."

The Colorado May Cover 2,000 Square Miles to Depth of 270 Feet.

Washington, Dec. 29.—An American "dead sea" as large as Lake Ontario is likely to be the result of the flow of the Colorado river into the "Salton sink" of Lower California, according to Louis C. Hill, supervising engineer of the reclamation service, who has been investigating the overflow.

Already 450 square miles are covered with water sixty feet deep, and Mr. Hill declares that if the flow continues it will cover 2,000 square miles to a depth of 270 feet. The lowland now inundated was once the bed of a dead sea like that in Palestine.

COMPANY H IS SECOND.

Score in State Marksmanship Contest Second Only to Company F.

Montpelier, Dec. 29.—The results of the yearly marksmanship contests for the cup in the state militia, as announced on Thursday evening, give Company H second place among the companies of the regiment. Company F of Northfield won first place this year, but the men of Company H are greatly pleased over taking second place and are hopeful of doing even better in view of the fact that last year the company stood seventh in the list.

The scores of the three highest teams in the competition were as follows: Company F, 83.2; Company H, 44.1; and Company C, 30. In the individual competition the cup was awarded to Corporal W. C. McLaughlin of Company A, who had a score of 172. Capt. L. S. Tilton of Company B stood at the head of the list with a score of 173, but as he had held the trophy the previous year, he was ruled out of first place. Lieut. C. H. Wilkinson of Company H held third place in this competition with a score of 171.

BANKER SENT TO JAIL.

Proprietor of Defunct Lincoln Bank Fails to Furnish \$25,000 Bonds.

Chicago, Dec. 29.—W. J. Atkinson, the proprietor of the defunct Lincoln bank of Morton Park, was Thursday sent to jail in default of \$25,000 bonds. The commitment of Atkinson followed a conference between Attorney Ringer, acting for the receiver, and United States Marshal Hoy. It was reported by the marshal and the attorney to Judge Landis that Atkinson had not given the receiver any material aid in adjusting the affairs of the bank, and the marshal declared that his office could not spare a deputy to remain with Atkinson night and day. The judge then ordered that Atkinson be sent to jail unless he furnished bonds of \$25,000.

Mr. Bryan said there was no foundation for the story to the effect that he would, if nominated, favor the selection of Senator William J. Stone of Missouri as chairman of the Democratic national committee.
